RORY MORGAN DEMONSTRATION
 OCTOBER 25, 2010

Rory Morgan has been painting for the past 30 years. He received an art degree from Casper College in Casper, Wyoming, where he was raised as a child. Much of Rory's experience comes from being observant of what nature has taught him. His art reflects his interest in the outdoors and his love for wildlife.

Rory was born in Lebanon, Oregon. His family moved to Wyoming when he was just two years old. Growing up in this spacious, beautiful state where wildlife outnumber people, Rory developed a deep love for nature and wildlife and spent countless hours hiking the mountains hunting, fishing, or taking pictures with his camera. He has transferred that love for the outdoors and that time spent there into his art through his wildlife and landscape paintings. Rory's paintings begin with an idea, develop into small sketches and are refined until he is satisfied with the light, the proportions and the composition. Initially, a small painting is

completed to lock in the selection of colors for future use on the larger painting. Each painting is refined on either masonite or canvas and receives several layers of gesso with each layer

being sanded by hand. The painting then begins with a transparent layer of acrylic paint. After this layer dries, thicker layers of paint are applied until the desired effect is reached.

Rory and Jennie, his wife of 31 years, have three grown children. After spending nearly 42 years in Wyoming, Rory's work in the oil and gas industry required a move to Edmond, OK, where the Morgans currently reside. Here in Oklahoma, Rory's artwork has taken on a new dimension incorporating all that this state has to offer in beauty from the Wichita Mountains to the breathtaking sunsets and redbud trees.

PRESIDENT'S LETTER

What a great way to start off the year with artist Tim Jessell's demonstration! We had 12 visitors present with 3 of them joining that evening. That brings our total membership to an even 50. I'll be contacting members from last year who haven't joined yet to see if they are interested in joining, hopefully in time to get their names in the Directory, which should be ready to hand out at the meeting this month. The front cover of our Directory this year will feature a photograph by Jason Wallace to honor him for all the work he does for the Guild. Jason is in charge of contacting artists to do our demonstrations, helping them set up on the evening of our meetings, designing and keeping our website up-to-date, designing banners and posters, and many, many other things. Thank you, Jason, for all you do!

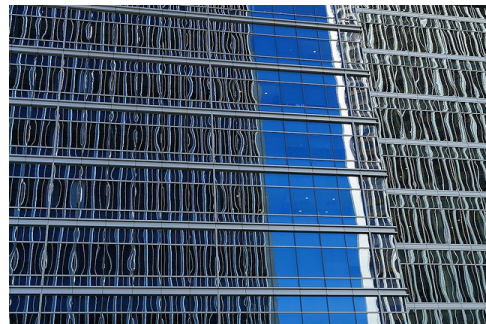

Don't forget to get your art ready for the Fall Show, and I hope to see you all at the meeting on the 25th. Roxanne

DIRECTOR'S CORNER

Oh, my! What beautiful fall days we are having. No more hot temperatures. Nice cool sleeping nights. The sumac leaves are turning their beautiful "Alizarin Crimson". And the trees, one by one are beginning to turn to their beautiful coats. Paint on location if you can. Otherwise get those cameras a clicking. I hope to see some new works in our November show. Look for details in this newsletter.
